Liberty Congress Indorses the Democratic Nominees.

APPLAUDS STAND ON IMPERIALISM

"Nationalists" Call a Third Party Convention.

Indianapolis, Aug. 16.-The liberty congress of the American Leage of Anti-Imperialists today emphatically endersed the candidacy of William J. Bryan for president.

The convention did not adopt the platform as submitted unanimously by the resolutions committee without a long and heated debate, but when the previous question was ordered, less than a score could be marshaled to

vote against the Bryan endorsement. The vote was viva voce, and its exact result will never be known, but the sentiment of the convention was clearly shown as being in favor of the endorsement of Bryan as the most effective manner of checking the imper-ialistic policy of the administration.

The most vigorous opponents of the

Bryan pronouncement in the platform were conspicuous members of the "Na-tional," or third ticket convention, who were also admitted as delegates to the anti-imperialistic congress. They were led by Thomas M. Osborne of Auburn, led by Thomas M. Osborne of Auburn, N. Y., and advocated the nomination of a third ticket on the theory that their followers, while opposed to President McKinley were not prepared to accept Mr. Bryan on the Kansas City platform. Every mention of Mr. Bryan an's name in the convention called forth enthusiastic applause. Speakers who opposed the Bryan plank in the platform were received with jeers and the delegates, and platform were received with jeers and cries of "Time" from the delegates, and the chairman at times had difficulty in obtaining a hearing for them.

William I. Palmer of Colorado was reported to be their choice for vice president. The leaders of the movement said tonight that they expected a large representation at the contention in New York on Sept. 5, and that candidates for president and vice president would then surely be nominated.
Secretary Mize of the liberty congress today received a letter from William Lloyd Garrison of Boston, pledging support to Bryan.

Platform of Liberty Congress.

The platform adopted by the Liberty igress is as follows: This liberty congress of anti-imperialists recognizes a great national crisis which menaces the republic upon whose future depends in such large measure the hope of freedom throughout the world. For the first time in our country's history the president has undertaken to subjugate a foreign people and to rule them by despotic power. He has thrown the protection of the American flag over slavery and p Sulu islands. He has arrogated to himself the power to impose upon the in-habitants of the Philippines govern-ment without their consent and taxation without representation. He is waging war upon them for asserting the which our forefathers pledged their lives, their fortunes and their sacred honor. He claims for himself and con-gress authority to govern the territories of the United States without constitu-

McKinley Against Liberty.

"The struggle of men for freedom has ever been a struggle for constitu-tional liberty. There is no liberty if the citizen has no right which the legisla-ture may not invade, if he be taxed by a legislature in which he is not repre sented, or if he is not protected by fundamental law against the arbitrary action of the executive power. The policy of the president offers the in-habitants of Porto Rico, Hawaii and the Philippines no hope of independ-ence, no prospect of American citizenship, no constitutional protection, no representation in the congress which taxes him. This is the government of men by arbitrary power without their consent; this is imperialism.

There is no room under the free flag of America for subjects. The president and congress, who derive all their powers from the constituion, can govern no man without regard to its limi-

"2. That they vote for those candidates for congress in their respective districts who will oppose the policy of innerialism.

While we welcome any other method of opposing the re-election of Mr. Mc-Kinley, we advise direct support of Mr. Bryan as the most effective means of crushing imperialism.

"We are convinced of Mr. Brvan's sincerity and of his earnest purpose to secure to the Filipinos their independsecure to the Filipinos their independence. This position and the declarations contained in the platform of his party on the vital issue of the campaign meet our unqualified approval.

"We recommend that the executive committees of the American Anti-Expansionist leagues and its allied leagues. pansionist league and its allied leagues continue and extend their organizations, preserving the independence of the movement, and that they take the most active possible part in the pending political campaign.

"Until now the pelicy which has turned the Filipinos from warm friends to biter enemies, which has slaughtered thousands of them and laid waste their country, has been the policy of the president. After the next election it be-comes the policy of every man who votes to re-elect him and who thus becomes, with him, responsible for every drop of blodo thereafter shed."

Judge Hallet Makes a Motion.

At the afternoon session Judge Moses Hallett of Colorado said that the Colorado delegation would leave the city during the afternoon, and on his motion all those delegates who were forced to leave the congress before the taking of the vote were permitted to record their votes on pending questions before leaving or to instruct proxies to vote for them.

Then followed a running debate for and against the amendment of Mr. Os-borne to strike out the endorsement of Those who favored the amendment

and opposed endorsement of Bryan were Ralph E. Emerson of Massachus-etts, a son of Ralph Waldo Emerson; After the adoption of the resolutions endorsing Bryan, the representatives of the third party met in the assembly room of the Commercial club and selected Thomas Osborne of Auburn, N.

Etts, a son of Raiph Waldo Emerson; Robert A. Wildemann of New York, a delegate to the "Independent" or third ticket convention, and M. E. Bridgeman of Massachusetts.

Mr. Guyot of Colorado said he had

served a year as a private soldler in the Philippines. "To my knowledge," he said, "those operations carried on by the adminis-tration in the Philippines constitutes the most damnable crime in the history of the United States. The Filipinos assisted us to land; they were in the trenches with us; they desired us to fire upon the Spanish, and yet it is said they were not our allies. They were our allies, and the entire record of the administration in the Philippines. were our allies, and the entire record of the administration in the Philippines has been one of treachery and deceit. Could you have seen as I have seen the conditions in the Philippines, you would not hesitate a moment to endorse W. J. Bryan."

The platform was later adopted. Adopt Plank for Negroes. The following resolution, proposed by

W. S. Holden of Chicago, was added to the platform as reported:
"Resolved, That in declaring that the "Resolved, That in declaring that the principles of the Declaration of Independence apply to all men, this congress means to include the negro race in America as well as the Eilipinos. We deprecate all efforts, whether in the south or in the north, to deprive the negro of his rights as a citizen under the Declaration of Independence and constitution of the United States."

H. J. Scott of Cairo spoke strongly in favor of this resolution, claiming that if it was ignored Bryan would lose thousands of negro votes.
